

MINUTES MARINE RESOURCES COMMITTEE. SEDGWICK, MAINE

AUGUST 3, 2017

Members present: Dennis DeSilvey, Eric Sass, Steve Blaisdel, Colby Pert, Selectman

Absent: Pete Douvarjo, Bill Sweetland, Brian Tripp

The minutes of the previous meeting were read and approved

The new dinghy fees were approved with the change that the dinghy fee for Brooklin residents will be \$100. The Selectmen will also reach out to the Brooklin Selectmen for consideration of a common harbor ordinance for the Benjamin Harbor mooring field.

Discussion follow regarding dinghies on the dock which are apparently abandoned including one inflatable and a Walker Bay dinghy that is filled with water. It was recommended that the Harbor Master be asked if those dinghies could be removed and placed on the shore.

There has also been considerable trash around the can and a second can was recommended.

It was recommended that a fish cleaning table be built on the float near the ladder as people have complained about fish entrails being left on the float.

Steve Blaisdel discussed the permitting process for the shore line stabilization project. Drawings are being developed as well as the specifications and Dwayne ford will be bringing the application to the DEP and supporting their visit to review the plans. The hope is to keep the cost around \$10000 and obtain some of the needed stone from Freshwater Stone

The size of the float at the end of the dock was discussed. Dennis DeSilvey will discuss the possible size with Billy Grant.

The meeting was adjourned at 1800

Note that a covered bulletin board for the dock has been approved by the selectmen.

The next meeting will be September 7th, 2017

Dennis DeSilvey, Chair and Recording Secretary
