## Forward

The early Sedgwick records of marriages were interspersed among the other daily records kept by the Town Clerk. They were not recorded chronologically but instead were noted as they were reported by ministers or others officiating who often had to travel considerable distances to get to the Clerk. As a result, there might be a list of the marriages performed by Rev. C.P. Bartlett in the prior six months, followed by the record of the births of several Sedgwick babies, followed by a record of the marriage intentions of a young couple. Later, after 1840, marriage records were kept separate from other town records but continued to be recorded at the time the events were reported.

To create this summary of marriage intentions and marriages Barbara Grindle, Assistant to the Sedgwick Selectmen, went through each volume of the early Town Clerk books and transcribed the marriage information in the order in which it was documented. The work was complicated by the poor condition of the books, the faded ink and the writing style of each Town Clerk which could vary from pristine to illegible but Barbara enjoyed these challenges and compiled as complete and accurate a record as possible.

Scan of one of the original records:

Transcript: *Mr. Samuel Black of this town an Miss Rebekah Annes of annes Island were Published April 1<sup>st</sup> 1790 by Mr. Joshua Snow, Town Clerk forbid by Susanna Lee Crow*

Barbara made an effort to transcribe the spelling of names and words as they were recorded. Written at a time when names were often spelled phonetically or as improvised by the person reporting the event, this sometimes resulted in the same name being spelled differently in various volumes. The index reflects these variations in that the same person might be listed with two or more spellings.

In 1941 Grace M. Limeburner transcribed the Vital Statistics recorded in Sedgwick prior to 1800 including the records of Marriages and Marriage intentions<sup>1</sup>. We have included these marriage records in this document. Though there is overlap with the Grindle transcription there were variations, undoubtedly due to the described interpretation difficulties, and the inclusion of these variants in the index may be helpful.

## Acknowledgements

*Sedgwick Maine's Marriages and Intentions of Marriage 1759-1926* completes a printed work trilogy that details many of the critical life events of the people of Sedgwick. The first volume was *Sedgwick, Maine's Resting Places*, self-published in 1998, updated and placed on the Sedgwick web page in 2019 and the second was *Vital Records of Sedgwick, Maine* published by Picton Press in 2004.

My writing began with an interest in local cemeteries and the realization that most had few, if any, written records of their interments. Investigation followed by a stone by stone review resulted in a "cemetery book" that documented burials from as long ago as 1789.

Later, prompted by a desire to find records of my own family and with the permission of the Sedgwick Selectmen, I began transcribing the original vital records kept over the years by the Sedgwick Town Clerks. The project took years but the published volume is a great resource.

While transcribing I noticed that marriage records were scattered throughout the old record books and, in time, I happened upon a volume that focused exclusively on marriages. With that as the basis I went back through the books and transcribed all of the marriages and intentions of marriages. It took years but was another labor of love.

So many people have helped me complete these books. My husband Burt, sister Jane, friend "Snookie", the Selectmen and office staff of the Sedgwick Town Office, and now the technical people, Pam Simmons who pushed me to get the two latter books onto the website, and Kathy Hickman and Gary Welland who organized my sometimes chaotic transcriptions and created beautiful digital documents. They are wizards!!

I started by doing my own genealogy and one thing led to another. My love of this town, its history and the stories of my ancestors kept me enthralled and constantly interested in learning more. I hope my work encourages you to find out more about your own ancestors. You might be amazed by what you find!

Any corrections or questions can be sent to me at the Sedgwick Town Office, P.O. Box 40, Sedgwick, ME 04676 or emailed to [admin@sedgwickmaine.org](mailto:admin@sedgwickmaine.org). All corrections will be checked against the original records.

State of Maine

Hancock ss

We Jacob Pert and Elizabeth Pert of Sedgwick, County of Hancock & State of Maine, do state upon oath that that we are the parents of **Isaiah E. Pert**, now 38 years of age, a resident of this town now away fishing – That our said son Isaiah was married at this house on the 11<sup>th</sup> day of April 1856 by David Walker, Esq. a Justice of the Peace (now deceased) to **Ruth Sukeforth**, widow of William Sukeforth a former resident of Washington Me and now a pensioner as dependent Mother of Charles Sukeforth. Said marriage ceremony was performed in our house and we were eye witnesses thereto. During the winter succeeding they lived in the same house with us until they moved into a house built by said Isaiah upon his fathers farm where on the 6<sup>th</sup> of December, 1857 a son was born to them, who is now with his mother. They lived together as man and wife, said Isaiah supporting his wife and child and such of her children by the former husband as chose, made it their home with them until about July 4, 1866, when said Ruth left home and husband and returned with her things to Washington Me. Isaiah went to sea a part of the time but provided well for his family. Her son Charles never lived with her while they lived in this town, nor did he contribute to her support. It was not necessary that he should do so in any manner.
